UNITED STATES OF AMERICA,

Plaintiff,

Case No. 2:09-cr-24

v.

HON. ROBERT HOLMES BELL

ROBERT J. D'AMOUR, D.D.S.,

Defendant.

---

**REPORT AND RECOMMENDATION**

Pursuant to W.D. MICH. L.CR.R. 11.1, I conducted a plea hearing in the captioned case on June 3, 2010, after receiving the written consent of defendant and all counsel. At the hearing, defendant ROBERT J. D'AMOUR, D.D.S., entered a plea of guilty to Count 28 of the Indictment, charging defendant with Knowingly and Intentionally Distributing a Mixture or Substance Containing a Detectable Amount of Hydrocodone, a Schedule III controlled substance, Outside the Usual Course of Professional Practice and For No Legitimate Medical Purpose in violation of 21:841(a)(1) and 841(b)(1)(D), in exchange for the undertakings made by the government in the written plea agreement. On the basis of the record made at the hearing, I find that defendant is fully capable and competent to enter an informed plea; that the plea is made knowingly and with full understanding of each of the rights waived by defendant; that it is made voluntarily and free from any force, threats, or promises, apart from the promises in the plea agreement; that the

defendant understands the nature of the charge and penalties provided by law; and that the plea has a sufficient basis in fact.

I therefore recommend that defendant's plea of guilty to Count 28 of the Indictment be accepted, that the court adjudicate defendant guilty, and that the written plea agreement be considered for acceptance at the time of sentencing. It is further recommended that the order setting conditions of defendant's release remain in effect pending sentencing. Acceptance of the plea, adjudication of guilt, acceptance of the plea agreement, determination of defendant's status pending sentencing, and imposition of sentence are specifically reserved for the district judge.
